

BARBARA DADATI

EXPORT MANAGER

AQUARIA SRL

WWW.AQUARIASRL.COM

Description

AQUARIA Srl was established in December 1989; in 1994 AQUARIA developed its own range of products and instruments for workplace control and air quality and emissions monitoring. In December 1999 AQUARIA was awarded with ISO 9001 certificate. In April 2005, Aquaria founds as minority shareholder a subsidiary for the production of fume and laminar flow hoods. In November 2008 another subsidiary named AQUARIA RESEARCH is established: its purpose is the research, development and production of substrates for active and passive sampling.
